

INFANT AND YOUNG CHILD FEEDING PRACTICES IN  
SELECTED PROVINCES OF THE KINGDOM OF  
CAMBODIA: A REPORT

## ACKNOWLEDGEMENTS

The Research Team of the *Field Research Study on Infant and Young Child Feeding Practices in Selected Provinces of Cambodia* wishes to acknowledge the critical contributions of the following individuals and organisations to this research report:

*Senior Nutritionist* : Irene Janet PICADO, Ph.D.  
*Junior Nutritionist* : Maria Cecilia F. PASTORES, MPH  
*Team Leader* : Rebecca F. CATALLA, Ph.D.  
*Assistant Team Leader* : CHEA Chantha

*Field Research Interviewers:*

Ms. HOUR Dalin	Ms. SREY Sovannery
Ms. KRIEL Toma	Ms. CHUM Rumnea (Phase 1 of research)
Ms. PRAK Bunna	Ms. LIM Simmany (Phase 1 of research)
Ms. SIV Madeth	Ms. TIM Naren (Phase 1 of research)

*National Nutrition Programme (NNP) Staff:*

Dr. OU Kevanna (Manager, NNP)  
Ms. PRAK Sophorneary (Coordinator, IYCF)  
Ms. SVAY Sary (Coordinator, IYCF)  
Ms. Åsa MOBERG

*World Health Organisation (WHO):*

Ms. La Ong TOKMOH

*SBK Staff:*

Mr. KHNHEL Bora (Managing Director)  
Ms. CHEV Mony (Administrative Support Staff)  
Ms. Chansayma PROM (Projects Coordinator)  
Mr. SO Dane (Data Analyst)  
Mr. LEAK Chowan (Translator-Interpreter)  
Mr. SOUR Sethy (former Assistant Team Leader)

Special thanks are also extended to the Provincial Health Department officials and officers, the Village Chiefs, village-based health workers such as the traditional birth attendants (TBAs), midwives, and members of the village health support groups for providing field support to the Research Team members during their data collection visits to the study provinces of Stung Treng, Kratie, Prey Veng, Kampot and Battambang. Finally, this research project would not have become a reality without the sincere and kind assistance of the many mothers who shared their time, knowledge and experience with the research team. To them, we offer our grateful appreciation.

## **TABLE OF CONTENTS**

ACKNOWLEDGEMENTS.....	i
EXECUTIVE SUMMARY .....	v
I. INTRODUCTION .....	1
A. BACKGROUND INFORMATION .....	1
B. PURPOSE AND OBJECTIVES OF THE RESEARCH .....	3
II. METHODS .....	4
A. STUDY DESIGN .....	4
B. STUDY SITES.....	6
C. STUDY SUBJECTS .....	11
D. DATA COLLECTION.....	12
1. Trials of Improved Practices (TIPs).....	13
2. Recipe Trials .....	14
3. In-depth Interviews with Key Informants and health workers .....	14
E. DATA PROCESSING AND ANALYSIS.....	14
F. RESEARCH CONSTRAINTS .....	15
III. RESULTS AND DISCUSSION .....	16
A. DESCRIPTION OF THE SAMPLE .....	16
1. Maternal characteristics .....	16
2. Child characteristics .....	17
B. GEOGRAPHIC AND HOUSEHOLD CONTEXTS .....	18
C. HEALTH COMMUNICATION .....	23
D. CURRENT NUTRITIONAL AND HEALTH SITUATION AND CHILD FEEDING PRACTICES .....	27
1. Key Feeding Indicators .....	28
2. Key Practices .....	28
3. Maternal Beliefs and Practices on Child's Appetite .....	34
4. Current Diets of Children.....	39
E. TRIALS OF IMPROVED PRACTICES (TIPS): DESCRIPTION OF FEEDING PRACTICES.....	43
F. RESPONSES TO RECOMMENDATIONS TESTED WITH TIPS .....	64
G. KEY PHRASES AND WAYS TO MOTIVATE IMPROVEMENTS IN CHILD FEEDING .....	66
H. ACCESS TO VARIOUS COMMUNICATION CHANNELS.....	68
IV. CONCLUSIONS AND RECOMMENDATIONS .....	72
REFERENCES .....	77

### **LIST OF ANNEXES**

Annex 1. Research Guides and Tools.....	62
Annex 2. Counselling Guides.....	124
Annex 3. Cambodia Food Composition Table.....	135
Annex 4. Illiteracy Levels in Study Provinces, by Village.....	140

Annex 5. Overall Summary – Healthy Foods and Food Taboos.....	141
Annex 6. Matrix TIPS Analysis, by Province.....	145
Annex 7. Interview Results with Key Informants.....	176
Annex 8. Household Observations.....	182
Annex 9. List of Contact Persons during Fieldwork.....	184

## **LIST OF FIGURES**

Figure 1. Location Maps of Study Provinces and Villages Selected for TIPS and Recipe Trials ....	8
Figure 2. Sources of Information on Infant Feeding Per Province.....	25
Figure 3. Frequency of Respondents by Source of feeding information among key persons, by Province .....	26
Figure 4. Over-all health status of children as described by mothers by province .....	27
Figure 5. Nutritional Status of Children by Province .....	27
Figure 6. Most frequently consumed foods of 6-23 months old children .....	39

## **LIST OF TABLES**

Table 1. Study provinces, operational districts, communes and villages .....	7
Table 2. Number of mothers interviewed for the TIPS by province and village according to age group of children, 2005 .....	11
Table 3. Number of pregnant women interviewed per province, 2005 .....	12
Table 4. Number of community health workers and leaders interviewed per province, 2005 .....	12
Table 5. Characteristics of Mothers by Province .....	16
Table 6. Characteristics of Children by Province .....	17
Table 7. Insights on Food Availability of the Key Informants .....	22
Table 8. Mass media information about child feeding per Province .....	24
Table 9. Source of feeding information from key persons, by province.....	25
Table 10. Ideal breastfeeding and complementary feeding practices .....	28
Table 11. Breastfeeding Practices .....	30
Table 12. Child Feeding Practices .....	32
Table 13. Feeding Practices when Child is Sick.....	34
Table 14. Frequency and percent distribution of children who met and did not meet the recommended requirements, by energy and nutrient density, nutrient intake, frequency of meals by age group .....	42
Table 15. Results of TIPS in children 0-5 months of age (n=20).....	43
Table 16. Analysis of TIPS: 0-5 months old.....	43
Table 17. Results of TIPS in children 6-11 months of age (n=59).....	44
Table 18. Analysis of TIPS: 6-11 months old.....	45
Table 19. Results of TIPS in children 12-23 months of age (n=27).....	54
Table 20. Results of TIPS in children 12-23 months of age .....	55
Table 21. Frequency and percent distribution of children who met and did not meet the energy requirements, by visit .....	64
Table 22. Mean caloric intake over-all and by- age group, by visit.....	64
Table 23. Access to various communications channels .....	69
